

GRANITE MONUMENTS

An upright granite monument built by Bruce Memorials pays an enduring tribute with the classic design, exceptional materials and expert craftsmanship.

These illustrations are typical of the many designs we offer. The most popular is our classic serpentine shaped top with rough unpolished sides and top. Two other choices of tops are available, straight and oval. As an added option, top and sides may be polished. Any design may be chosen for carving into any of the varieties of granite shown on our color chart.
